OUR REASON FOR BEING

We exist to give every child a chance

to learn well, learn deeply, and learn anywhere.

From a single tutor visiting families in Nairobi homes in 2018, Smartious has grown into a premium international homeschool and online school. More than 3,421 students educated. Over 650 learners active today. Families in more than 40 countries. And through all of it, we have never lost sight of the one thing that matters most: the child in front of us.

01 · THE FOUNDER

A letter from *Alfred Ouko*

Dear reader,

When I started Smartious in 2018, I was a young mathematics and physics teacher visiting Nairobi homes one at a time. The families I met all wanted the same thing: an excellent education for their child, delivered with care, on their own terms.

What began as one tutor in Parklands has grown into a school of more than 78 qualified teachers, serving over 650 active learners, with families in more than 40 countries. We deliver five international curricula: Cambridge IGCSE, Pearson Edexcel, Cambridge A-Level, IB Diploma and the American curriculum, alongside our own Smartious Blended programme. We run two physical centres in Nairobi, at Diamond Plaza Parklands and Karen Hardy, and we teach families online from London, Dubai, Toronto, Riyadh and everywhere in between.

But the heart of Smartious has never been the curricula or the technology, important as both are. The heart of Smartious is a simple promise: your child will be known. Known by name. Known for what excites them. Known for what they struggle with. Known well enough that we can meet them where they are and walk with them to where they want to go.

This portfolio sets out who we are, what we offer, and what we believe in. If you are a parent considering Smartious for your child, an investor wanting to understand our business, or a partner exploring collaboration, I hope you find here a clear, honest picture of Smartious in 2026.

Education is the most consequential thing one generation passes to the next. We take that responsibility seriously. Thank you for the time you will spend reading what follows.

Alfred Ouko
Founder and Chief Executive
Smartious Homeschool and eSchool

BEd Mathematics and Physics, University of Nairobi, 2022. Founded Smartious in 2018 while still an undergraduate, having begun private tutoring earlier that year. Lives and works in Nairobi.

02 · ABOUT US

Who *we are*

Smartious is a Kenyan founded, internationally positioned premium homeschool and online school. We were established in 2018 in Nairobi. Today we serve more than 650 active learners, with families in over 40 countries, through a model that combines the personalisation of homeschooling, the rigour of international curricula, and the flexibility of online learning.

OUR STORY

2018	Smartious is founded by Alfred Ouko, then a Mathematics and Physics undergraduate at the University of Nairobi. The first students are 4 families in Parklands.
2019	Expansion to 15 students across Nairobi. First Cambridge IGCSE student passes with distinction.
2020	COVID-19 catalyses the shift online. Smartious launches its first virtual classroom programme and discovers that quality online education is its true calling.
2021	First diaspora family signs on from Dubai. International expansion begins.
2022	Diamond Plaza Parklands becomes the first physical centre. Alfred completes his BEd at the University of Nairobi.
2023	Karen Hardy learning centre opens. Teaching team grows past 40 educators.
2024	Launch of Mshauri AI, the first AI tutor purpose built for African and international curricula. Smartious LMS goes into beta.
2025	Five curricula formally offered. Study Abroad consulting launches as a free service to enrolled families. UAE pricing tier launches for Gulf families.
2026	Over 3,421 students educated to date. 650+ active learners. Families in more than 40 countries. Smartious continues to grow, one family at a time.

03 · WHAT WE STAND FOR

Vision, mission *& values*

OUR VISION

A world where every learner, anywhere, can access an education that meets them as an individual.

OUR MISSION

To deliver premium homeschooling, online schooling and tuition that combines academic rigour with deep personalisation, built on the foundation of qualified, caring teachers, robust technology, and lasting relationships with the families we serve.

OUR VALUES

01 **Excellence**
We do not believe in good enough. Every lesson, every report, every email is delivered to the highest standard we can manage.

02 **Personalisation**
Every child is different. Our programmes, pace and pedagogy bend to fit the learner, never the other way around.

03 **Honesty**
We tell families the truth: about their child's progress, about our limits, about our fees. No hidden charges. No spin.

04 **Care**
We see each student as a whole person, not a customer. We are in this for the long arc of a young life.

05 **Innovation**
We build the tools we need. From the Smartious LMS to Mshauri AI, we engineer better ways to teach and to learn.

06 **Accessibility**
Through bursaries, sibling discounts and a 50% scholarship programme for families who demonstrate need, we work to keep excellence within reach.

05 · CURRICULA

What we *teach*

Families choose Smartious for the breadth of internationally recognised curricula we deliver with depth. Each curriculum has its own pathways, certifications and university outcomes. Our teachers are subject specialists in the curriculum they teach.

INTERNATIONAL

Cambridge IGCSE

Years 9 to 11. External examinations: Cambridge International Education.

The world's most popular international qualification for students aged 14 to 16. Recognised by every major university globally. Smartious offers the full subject range including Sciences, Mathematics, English, Languages, Humanities and Creative subjects.

INTERNATIONAL

Pearson Edexcel International

Years 9 to 11. External examinations: Pearson Edexcel.

The international version of the UK GCSE. A slightly more linear assessment model than Cambridge, well suited to students who perform better in end of course examinations than in coursework.

INTERNATIONAL

Cambridge A-Level

Years 12 to 13. External examinations: Cambridge International Education.

The gold standard pre university qualification. Three or four A-Levels in specialised subjects, recognised by UK, US, Canadian and Commonwealth universities. Modular AS plus A2 structure, or full linear.

INTERNATIONAL

IB Diploma Programme

Years 12 to 13. External examinations: International Baccalaureate Organization.

The most rigorous pre university qualification. Six subjects plus Theory of Knowledge, the Extended Essay, and Creativity, Activity, Service. Highly regarded by US Ivy League and Oxbridge admissions.

INTERNATIONAL

American Common Core

K-12. External examinations: AP and SAT where applicable.

For families on or transitioning to the American pathway. Includes Advanced Placement preparation in the final years and full SAT support. A strong fit for diaspora US families and students heading to US universities.

LOCAL

Kenya CBC

Grades 1 to 12. External examinations: KNEC.

The official Kenyan national curriculum, delivered to KNEC standards from Pre Primary through Senior School. Suitable for families remaining within the Kenyan system and intending KCSE.

LOCAL

British National Curriculum

Reception to Year 13. External examinations: AQA, OCR, Cambridge.

The full UK national curriculum from Reception through A-Level. Best for British diaspora families wanting continuity with UK schools, or families intending UK university entry.

SMARTIOUS CUSTOM

Smartious Blended Programme

Years 1 to 13. Smartious issued progression reports plus external exam options.

A bespoke programme combining the best of Cambridge, IB and competency based pedagogy. Designed for families who want a child to develop internationally credentialed exam outcomes together with broad creative, ethical and entrepreneurial capabilities.

06 · PROGRAMMES

What we *offer*

Six core programmes designed to meet families where they are. From full time homeschooling to a single language lesson per week, we have a delivery model to fit your family.

University application support to 10 international destinations: the UK, USA, Canada, Australia, Germany, the Netherlands, Ireland, China, Malaysia and Mauritius. Free for all enrolled Smartious students.

FREE for enrolled families

School fees vary by curriculum and level and are confirmed in writing after the placement assessment. External examination fees are separate.

07 · TECHNOLOGY

Built for *modern learning*

SMARTIOUS LMS

Our Learning Management System

The Smartious LMS is the digital backbone of our school. Custom built by our in house engineering team, it connects students, parents, teachers and administrators in one secure, branded platform, accessible from any device, anywhere.

STUDENT PORTAL

Live class joining, assignment submission, gradebook, AI tutor access, digital library, course materials, calendar.

TEACHER PORTAL

Lesson planning, attendance, gradebook, assignment creation, student progress tracking, live class delivery, parent communication.

PARENT PORTAL

Live progress monitoring, attendance reports, fee statements, teacher communication, school calendar, document downloads.

ADMIN PORTAL

Full school operations: enrolment, allocations, fees, payroll, timetabling, examinations, reports, financial dashboards.

MSHAURI AI

The first AI tutor for African and international curricula

Mshauri is Kiswahili for advisor. Mshauri AI is the first AI homework helper purpose trained on Cambridge, Edexcel, IB, American and Kenyan CBC curricula, available to every Smartious student.

- Trained on more than 50,000 past examination questions across all five curricula we deliver.
- Available around the clock on web and mobile. Supports text, voice and image questions: photograph a worksheet and get instant guidance.
- Pedagogically trained to guide rather than give answers, protecting authentic student learning.
- Multilingual: communicates in English, Kiswahili, French, Spanish, Arabic and three other languages.
- Free for Premium tier students. Available as an addition on the Basic tier.

08 · OUR TEAM

12 · DIFFERENTIATORS

Why *Smartious*

01 Genuine personalisation

Every student has a learning plan tailored to their pace, gaps and goals. Not slogans. Actual differentiated teaching.

02 Teachers, not bots

Our AI tutor guides; our teachers teach. Real human relationships remain the heart of every Smartious experience.

03 Transparent pricing

Every fee is published. No hidden costs. External exam fees pass through at the published board rate.

04 Five curricula, one school

Most international schools offer one curriculum, maybe two. We deliver five, properly, through curriculum specialists.

05 Free Study Abroad consulting

Every Smartious family gets full university application support included. No extra invoice. No hidden referral commission.

06 Built in technology

Our LMS, AI tutor and digital library are part of the offering. Not bolted on. Not extra. Always included.

07 Bursaries for families in need

Up to 50% off tuition for families who demonstrate financial need. Excellence should not be only for the wealthy.

08 8 years of consistent delivery

Founded 2018. Same founder. Same values. Same care. The institution today reflects the choices made every day for eight years.

13 · FAMILY VOICES

Family *stories*

The proof of a school is in the families it serves. Permission secured stories from our community appear in our public testimonials and on our website. The voices below are representative of what we hear.

“My daughter went from struggling with Cambridge IGCSE to taking three A grades. The Smartious teachers found her, not the syllabus, her, and met her there.”

— Parent · Year 11 student · Westlands

“As a diaspora family in Dubai, we needed continuity with the Kenyan system without compromising on quality. Smartious delivered both. Our son's CBC reports actually mean something now.”

— Parent · Year 7 student · Dubai

“The free university application support saved us close to $4,000 we would have spent on a consultant, and our son got into his first choice UK university.”

— Parent · A-Level graduate · Karen

“What I appreciate most is the honesty. When my child was not ready for IGCSE Mathematics, they told me. When she was, they told me too. No upselling. Just truth.”

— Parent · Year 9 student · Lavington

14 · PARTNERSHIP

Partner *with us*

Smartious works with a select group of corporate, governmental and institutional partners. If your organisation values the education of the children of your employees, citizens or community, we should talk.

CORPORATE EDUCATION BENEFITS
